

American Academy Casablanca

International School

13 June 2013

To Whom It May Concern:

It is with great pleasure that I write this letter of recommendation for Ms. Laura Keeney whom I have had the honour of knowing the past two school years in my capacity as one of her supervisors at the American Academy Casablanca (AAC) in Morocco. Ms. Keeney is our Art Education teacher. As an administrator at AAC and also as a parent whose daughter was in her class, I highly recommend Laura for any teaching position your school may offer someone as talented as her.

I appreciate Ms. Keeney's diligence, organization and trust that she develops with her students, the children's parents and other staff as well. Her classroom offers a welcoming, child-friendly environment and I know first hand that she spends many many hours after school and on weekends making her class the best it can be. For the first several months she had to improvise with the few materials that we had on hand and truly made the best of a difficult situation. Now, student artwork from all grade levels adorns hallways, the cafeteria, classrooms, office space and all areas of the school. She had turned a drab school environ into one that truly appears child friendly.

Ms. Keeney is well liked by all of her peers and I have always found her to be personable, approachable and able to deal with the intricate nature of teaching at an international school. She has very strong organizational skills, excellent management of her students, an obvious passion for teaching and art. Her involvement in many extra-curricular activities and coaching makes her an invaluable asset to any organisation.

I cannot more highly recommend her for a position and wish her all the best in her future. If you have any questions or require any more information, please do not hesitate to contact me at my personal email filosofic@gmail.com.

Sincerely,

David Schult, M.A., M.Ed.
